

WATERSHED SUMMIT

ON THE DELAWARE:
MAKING THE CONNECTION

WYNDHAM HOTEL: WILMINGTON, DE
SEPTEMBER 13 - 15, 2004

GENERAL INFORMATION

The Watershed Summit* on the Delaware: Making the Connection, is intended to provoke thought and discussion on the linkages among the major watershed centers of the Delaware River and to establish greater regional collaboration for water resources protection and economic development. The Summit will promote dialogue and foster partnerships between federal, state and local agencies, nongovernmental organizations, the scientific community, private industry and stakeholders.

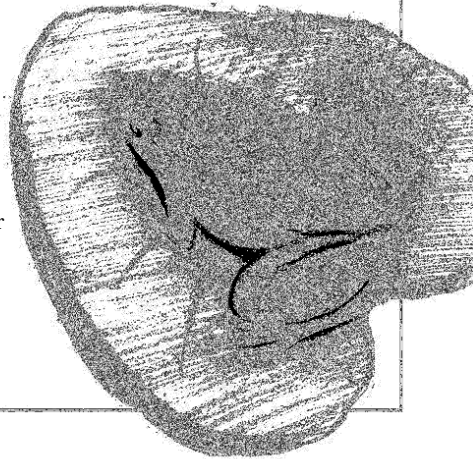

In addition to being the principal source of drinking water for much of the Delaware River Watershed area, the River supports commercial enterprises, provides habitat for aquatic life and wildlife, and offers many unique recreational opportunities. It links our cities, our forests, and our farms. The purpose of the Summit is to develop innovative ways to share and protect this common resource. The Summit will also introduce the new Water Resources Plan for the Delaware River Basin, which sets a direction for policy and management decisions over the next 30 years on the Delaware.

The Summit, held at the Wyndham Hotel in Wilmington, Delaware, will begin on Monday, September 13, 2004 at 1:30 p.m. and continue to Wednesday, September 15, 2004 at 2:00 p.m. after a networking lunch. There will be a separate signing ceremony sponsored by the Delaware River Basin Commission at mid-morning on Monday.

Numerous and varying issues all related to the Delaware River Watershed will be presented and discussed. To set the tone of the two-and-one-half-day Summit, a panel session is scheduled to discuss the Water Resources Plan for the Delaware River Basin and how it provides a framework for water resources management. Other sessions will address: impacts of land use changes on water quality; stakeholder empowerment; factors that promote innovative partnerships; landscape analysis; environmentally sensitive development; and effective stormwater management. Since the Summit is based on learning and working together, several partnership and environmental education workshops will include success stories and suggestions for the attendees. Participants and presenters include representatives of academia, small and large business owners, government employees, nonprofit organizations, consulting firms, and citizen organizations.

We look forward to meeting you and hearing your views and experiences on these issues.

*The Summit is part of the U.S. Environmental Protection Agency, Office of Water, National Water Tour 2004. The Water Tour endorses a wide range of environmental water-related outreach events by encouraging communication and partnerships.

Summit participants are encouraged to continue their networking efforts during lunch. In addition, a panel of five "rovers" will critically review the presentations of the Summit in light of their own interests and disciplines. Rovers* will be selected to ensure representation of resource managers, regulators, non-governmental organizations, the regulated public, resource users, and researchers. This session should be of great interest, as the rovers will comment on information gaps and needed scientific information; as well as help to focus subsequent research and efforts in the fields needed to adequately protect, manage, and regulate the Delaware River Watershed.

** If you are interested in being a rover, or would like to get more information, contact Ralph Spagnolo at (215) 814-2718.*

Monday, September 13

Dinner and Social Event at Favorite Local Italian Restaurant

Enjoy an Italian buffet-style dinner and social with a Goodfella's atmosphere at one of Wilmington's favorite Italian restaurants, where fresh, homemade pasta is the specialty. Register for the dinner now using the registration form on page 13. The cost is \$35. A cash bar with drink specials will also be available.

Tuesday, September 14

Partnership for the Delaware Estuary's Sixth Annual "Experience the Estuary"

Celebration

A Benefit Event

Grab your survival gear! The Partnership for the Delaware Estuary's "Tribal Council" is inviting you to the **Sixth Annual "Experience the Estuary"**

Celebration. This annual Celebration raises funds to benefit the Partnership, the only nonprofit organization focused exclusively on protecting, enhancing and sustaining the Delaware Estuary...where the river meets the sea.

In coordination with the Watershed Summit on the Delaware, the Celebration will be held on Tuesday, September 14, 2004, from 5:00 p.m. to 9:00 p.m. at

Bellevue State Park in Wilmington, Delaware. Keeping with the "Survivor" theme, this year's event will celebrate the Estuary's natural, historical, and cultural survivors. You won't want to miss the most anticipated party in the Estuary...plan on a fantastic time at the reception (complimentary beer, wine, etc.), the silent auction (featuring original, celebrity horseshoe crab creations), and a delicious dinner. The cost per person is \$75.00 for government and NGO representatives and \$150 for corporate/business representatives. You can easily register for the dinner on the Summit registration form found on page 13 of this brochure. A free shuttle service from the hotel will be provided. If you are interested in learning about dinner sponsorship opportunities or if you have any questions, please contact Dee Ross at the Partnership, at (800) 445-4935 x18 or by email at dross@delawareestuary.org.
